ANIKET JADHAV

ajadhav222003@gmail.com +91 9699665309 LinkedIn Github

Profile

Computer Science graduate and Java Developer with hands-on experience in Spring Boot, React, and full-stack development. Proven ability to build scalable web applications through academic projects and professional internships. Eager to contribute technical skills in Java ecosystem and microservices to a growth-oriented engineering team.

Education

CDAC Post Graduation Certification Program **Feb 2026 – Aug 2026**
Advanced Computing (Percentage: 75) *Maharashtra*

CSMSS Chh Shahu College Of Engineering **Nov 2021 – Aug 2025**
B.Tech (CGPA: 7.24) *Maharashtra*

Late Bhairomal Tanwani Junior College **Apr 2020 – Apr 2021**
Science (Percentage: 90.67) *Maharashtra*

Raja Shivaji Vidyalaya **Apr 2018 – Apr 2019**
General (Percentage: 90.60) *Maharashtra*

Technical Skills

Languages: Java, SQL, PL/SQL, HTML, CSS, JavaScript

Frameworks: React, Spring Boot, Spring MVC

Tools: Git, GitHub, Postman, Swagger, IntelliJ IDEA, VS Code, Eclipse

Java Technologies: JPA, Hibernate, JDBC, REST APIs, Spring Security, JWT

Core Concepts: Data Structures & Algorithms, Object-Oriented Programming, DBMS, Operating Systems, Computer Networks, Software Engineering

Projects

JobOrbit - Smart Recruitment Platform **Aug 2026**

- Developed a **microservices-based recruitment platform** using Spring Boot, React.js and MySQL for Admin, Recruiter and Job Seeker workflows.
- Implemented **JWT-based authentication and role-based authorization** using Spring Security across the application.
- Developed independent services for **user management, job posting, job search and application management** using RESTful APIs.
- Implemented service communication through **API Gateway** and configured centralized request routing and authentication.
- Designed relational data models using **MySQL, JPA and Hibernate**, and tested REST APIs using **Postman and Swagger**.

Link

Employee Management System **Jan 2026**

- Full-stack web application developed using **Spring Boot (Backend)** and **React (Frontend)**.
- Backend includes **Spring MVC, REST APIs, JPA/Hibernate, and MySQL** database integration.
- Frontend built with React, HTML, CSS, JavaScript, Bootstrap ensuring responsive design.
- Features include employee registration, record management, updates, and deletion.
- Implemented clean code practices, **layered architecture,** and API-based communication.

Link

Professional Experience

HefShine Software Pvt. Ltd **May 2025 – Jan 2026**
Java Trainee/Intern

- Completed hands-on training in **Core Java, Advanced Java, JDBC, Servlets, JSP, Spring, Spring Boot and Hibernate**.
- Developed and practiced Java-based applications following **OOP principles and layered architecture**.
- Worked with **MySQL and JDBC/JPA** for database connectivity and CRUD operations.
- Developed and tested **REST APIs using Spring Boot** and used Postman for API testing.
- Gained practical experience with **Git/GitHub, Maven and Java application development workflows**.

Certifications

- **TCS iON Career Edge -Young Professional Course Certification**
- **NPTEL Certification 1) Programming in Java 2) Database Management System**
- **FUEL Training Certification in Java**

Achievements

- **NPTEL:** Awarded Silver Medal in NPTEL Programming In Java with 77%.
- **Extra-Curricular Achievements:** College-level participation with awards in cricket/kabaddi tournament,Technical events/hackathons.
